

**Description**

Compressor oil, specially developed for lubricating oil-lubricated screw and vane compressors with relatively high final temperatures.

**Application**

-

**Instructions for use**

-

**Performance level**

ISO 6743-3A DAG

**Typical standard analyses**

|                                      |       |
|--------------------------------------|-------|
| Density at 15 °C, kg/l               | 0,877 |
| Viscosity 40 °C, mm <sup>2</sup> /s  | 46,00 |
| Viscosity 100 °C, mm <sup>2</sup> /s | 7,37  |
| Viscosity Index                      | 123   |
| Flash Point COC, °C                  | 215   |
| Pour Point, °C                       | -30   |
| Total Base Number, mgKOH/g           | 7,7   |
| Sulphate Ash, %                      | 0,94  |
